What I Know About Hardware and Our Elections.

Unfortunately we have but one political party. The primaries, with their barefaced fraud and sham, really control the elections. In city elections where there are no primaries, we have numerous purchasable voters. Men without responsibility who pay no taxes. The candidates who manage this vote, are usually successful, or in other words, the illiterate irresponsible class who pay no taxes, determine who shall rule the city. I know a remedy. Disfranchise every one who buys or sells his vote? Keep their names on the county records and advertise them in the papers. What party or legislature has the moral courage to pass such a law? This week I offer a few bargains--6 boxes Paragon axle grease for 25c, duok horse collars slightly damaged 25c each, French kitchen knives 20c each, stoneware slightly damaged 5c a gallon. Carpet stretchers 25c, bread and ironing boards 60c each, mail boxes 75c each, witewash brushes 25c, gong bells 35c, bit braces 25c, pruning shears 50c each. Ed. Strauss, Corner Fourth and Mary Streets.
